The flagship beer, the one whose discovery led to the formation of the company back in 2003. Great Lakes Conway's Irish Ale and Great Lakes Doppelrock

Conway's Irish Ale

Conway's Irish Ale is named after the grandfather of co-owners Patrick and Daniel, a Cleveland policeman who directed traffic near the Brewery for 25 years. Conway's Irish Ale has a notable toasty flavor derived from lightly roasted malt. Pairs well with Corned beef, shepherd's pie and stews. Available in 12oz bottles and barrels for a limited time only.

Great Lakes Doppelrock

Great Lakes Doppelrock bears witness to everything double: double bock flavor, dueling rockers and the double neck guitar made famous by many rock legends. Our doppelbock (German for "double bock") celebrates the style originally developed by medieval monks. Living by the strict rules of their order, monks were regularly required to castigate themselves by periodic bouts of fasting, when next-to-no solid food was allowed to pass their lips. The longest and most taxing of these periods of culinary abstinence was, of course, Lent—the 46 days between Ash Wednesday and Easter Sunday. Because the monks believed that liquids not only cleansed the body but also the soul, they would make plenty of "liquid bread" instead of solid bread from their grain and then drink it in copious quantities...the more, the holier.

Rogue XS Old Crustacean Barleywine

An unfiltered and unrefined Barleywine. Intense, robust, malty and dark. The cognac of beers. In Britain, seasonal brews for winter are robust, malty, and dark. The two main styles of these brews are Old Ales and Barleywines. As the name suggests, barleywines are similar to wines in alcohol and need aging but are derived from grain, not the grape. Rogue's barleywine is described by beer expert Stuart Ramsey as: "A masterful, intense creation from brewer John Maier....it has achieved a depth and complexity usually associated with well-aged strong ales. I hope the brewery bottles some before it disappears."

Rogue Mogul Madness Ale

Hoppy, caramel aroma, dark burgundy in color with an off white head. Intense flavors of citrus hops, and complex notes of nuts, berries and mocha. It finishes long and lingers for at least 15 seconds. Small batches of seasonal beers were traditionally brewed in Europe during the 19th century. Breweries made darker brews, brews with high alcohol content and festive taste. Mogul is a strong ale, darker in color than other pale ales and more assertively hopped-the John Maier trademark. First brewed in 1991.

Southern Tier Back Burner

Long ago, British farmhouse brewers made special ales using the first runnings of the mash. These beers, now called barley wine, are brewed in the tradition of days past. At Southern Tier this long awaited brew is placed on the back burner until the start of the new year. Back Burner Barley Wine is a celebration of things to come and things remembered. It's conceived in three small batches, using voluminous amounts of barley and hops. The process starts early in the morning and ends late into the night. We hope this rare brew reignites your spirit for another trip around the sun.
